Needs Analysis
- Quickly determine the position needed
- Gain internal approval for position
- Create requisition specific to position
- Post internally and externally
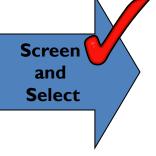

Generate Worthy Applicants
- Attract better applicants with self service online forms
- Pre-qualify candidates initially by asking the right questions with Cyber Recruiter and prioritize best candidates with scoring
- Allow your existing employees to update their information to allow for hiring from within

Response Management
- Communicate correctly with applicants to speed the process
- Communicate internally to quickly gain approvals, gather candidate feedback, schedule interviews, etc.
- Identify areas where exchange is more difficult and applicants are hard to search

Screen and Select
- Identify quality candidates quickly with scoring system
- Interview or screen against requirements
- Select appropriate candidates to interview
- Interview applicants and gather management feedback immediately

Hire
- Offer approvals
- Respond to other applicants and keep them in your applicant pipeline
- Efficiently close out requisitions and tie up loose ends
- On-board new hires and gain efficiencies with form distribution
- Facilitate internal communication regarding new hire

✓ Perform these task and more with Cyber Recruiter to save time and money
